Hi Bill,

I just wanted to provide you with some brief feedback on the subject car show this past Sunday. First let me say that the weather was picture perfect for a car show, sunny but not too awful hot. The grounds at the Elks was a great spot for the show in my opinion for a couple reasons. It was truly a park like setting which was a nice change over the traditional cars in a line like solders. The grounds provided some shaded areas for those wishing to escape the mid-day sun, which was a nice option to take a break as well as the pavilion being available to just sit or eat lunch. The Elks did a nice job with food, and the prices were more than fair. The Caprara folks were above and beyond with the trophies both in size and quantity. It was an overall wonderful day and probably the most enjoyable show I've attended all season. Finally, I must mention that the patrons were very respectful of the cars, and were able to move in and out of the cars freely and respectfully. I welcome you to pass this message on to the Brunswick Elks, and the Caprara Auto body as well. Thanks Bill for hosting a nice show and I look forward to many more of the same.
